Fractions and inch-tape markings

Day 05 • 2026-11-04 • 9:00 AM–10:15 AM

15 questions. Show your method and include units. For multiple choice, enter A, B, C or D. Follow your instructor’s calculator guidance.

Name _____ **Date** _____

Type into the fields and save a copy, or print and write.

01 READ & REASON

When using the Numeracy Hub measuring-tool picture, what determines a measurement?

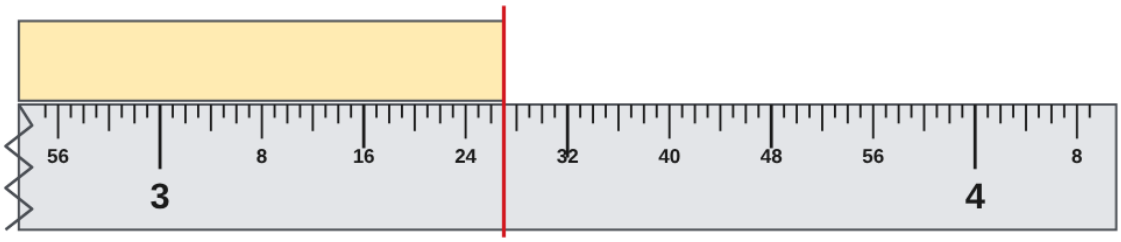

A. The picture size after zooming

B. The physical width of the screen

C. The colour of the browser

D. The labelled scale and its divisions

The part starts at the end of the rule (0).

Numeracy Hub

Choice (A–D) _____ **Working / reason** _____

Textbook sections 4.1–4.4 pp.88–94; sections 4.5 pp.95–96

Fractions and inch-tape markings

Day 05 • 2026-11-04 • 15 questions

02 In the fraction 3/8, what does the denominator 8 tell you?

A. The whole is divided into 8 equal parts

B. Three parts are shaded

C. There are 8 whole inches

D. The fraction is 8 times a whole

Choice (A–D)

Working / reason

Textbook sections 4.1–4.4 pp.88–94; sections 4.5 pp.95–96

03 In 5/16, what does the numerator 5 tell you?

A. The whole is divided into 5 parts

B. Each part is 5 inches long

C. There are 16 whole units

D. Five of the sixteen equal parts are counted

Choice (A–D)

Working / reason

Textbook sections 4.1–4.4 pp.88–94; sections 4.5 pp.95–96

04 Which is the smallest of these inch intervals?

A. 1/16 in

B. 1/4 in

C. 1/8 in

D. 1/2 in

Choice (A–D)

Working / reason

Textbook sections 4.1–4.4 pp.88–94; sections 4.5 pp.95–96

Fractions and inch-tape markings

Day 05 • 2026-11-04 • 15 questions

05 Which fraction is equivalent to one whole?

A. 8/16

B. 7/8

C. 1/8

D. 8/8

Choice (A–D)

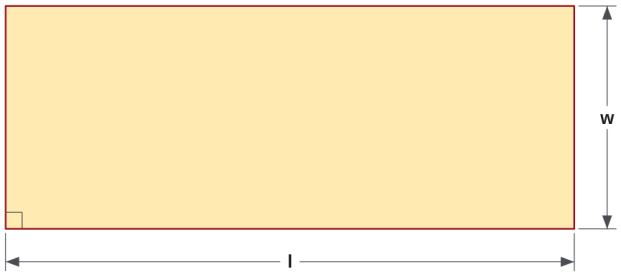

Working / reason

Textbook sections 4.1–4.4 pp.88–94; sections 4.5 pp.95–96

06 CALCULATE

The pictured rectangle’s longer side is 18½ in (18.5 in on a decimal label). What is the numerator of its 1/2-in fractional part?

l = 18½ in **w = 7¼ in**

Shape Canvas

Answer

Working / reason

Textbook sections 4.1–4.4 pp.88–94; sections 4.5 pp.95–96

Fractions and inch-tape markings

Day 05 • 2026-11-04 • 15 questions

07 How many equal eighth-inch intervals fit in one inch?

Answer (intervals) | **Working / reason**

Textbook sections 4.1–4.4 pp.88–94; sections 4.5 pp.95–96

08 A mark is five sixteenth-inch intervals after zero. Give the reading in inches as a fraction or decimal.

Answer (in) | **Working / reason**

Textbook sections 4.1–4.4 pp.88–94; sections 4.5 pp.95–96

09 A mark lies 3 eighth-inch intervals beyond the 4-inch mark. Give the full reading.

Answer (in) | **Working / reason**

Textbook sections 4.1–4.4 pp.88–94; sections 4.5 pp.95–96

10 Which length is 12/16 in written in lowest terms?

A. 3/8 in
B. 3/4 in
C. 4/3 in
D. 2/3 in

Choice (A–D) | **Working / reason**

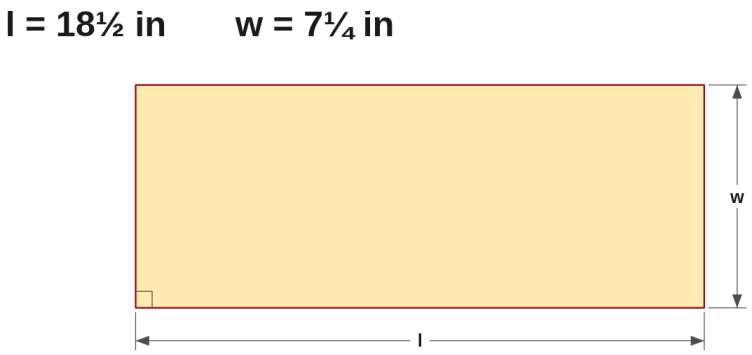

Textbook sections 4.1–4.4 pp.88–94; sections 4.5 pp.95–96

Fractions and inch-tape markings

Day 05 • 2026-11-04 • 15 questions

11 APPLY & CHECK

The pictured rectangle’s shorter side is 7¼ in (7.25 in on a decimal label). How many full inches occur before its fractional part?

Shape Canvas

Answer (in)

Working / reason

Textbook sections 4.1–4.4 pp.88–94; sections 4.5 pp.95–96

12 A learner counts tick marks including zero and calls the third tick 3/8 in. What should be counted instead?

A. Only the long marks

B. The intervals from zero

C. The zero tick as the first interval

D. All numbers printed on the tape

Choice (A–D)

Working / reason

Textbook sections 4.1–4.4 pp.88–94; sections 4.5 pp.95–96

Fractions and inch-tape markings

Day 05 • 2026-11-04 • 15 questions

13 A tape is divided into sixteenths. A mark lies 10 intervals after zero. Give its simplest reading.

Answer (in) | **Working / reason**

Textbook sections 4.1–4.4 pp.88–94; sections 4.5 pp.95–96

14 A mark is 11 sixteenth-inch intervals beyond the 5-inch mark. Give the full reading.

Answer (in) | **Working / reason**

Textbook sections 4.1–4.4 pp.88–94; sections 4.5 pp.95–96

15 A tape has 16 intervals per inch. How many intervals separate zero from 3/4 in?

Answer (intervals) | **Working / reason**

Textbook sections 4.1–4.4 pp.88–94; sections 4.5 pp.95–96
